E-Waste Disposal and Management Guide

EPR Registration No: Applied For

A. Disposal Instruction

- When your product (e.g., Bitaxe Gamma 601) reaches its end-of-life, please do not dispose of it in municipal bins or with general household waste.
- Request a Pickup: Contact our E-Waste Helpline at +91-7760659382 or email us at [sgplbngl@gmail.com](mailto:sgplbngl@gmail.com).
- Drop-off: You may drop off the equipment at our office in Ganganagar Layout or directly at our partner's facility in Kadugodi.

*"This product must not be disposed of with regular household waste. It contains electronic components that require specialized recycling to prevent environmental damage."*

B. Do's

- Always drop your used electronic products and accessories at the nearest Authorized E-Waste Collection Point.
- Disconnect the product from power before disposal.
- Protect fragile parts during transport.
- Consult the user manual for proper handling.

C. Don'ts

- Do not dismantle the product on your own.
- Do not dispose in municipal waste bins (marked with a 'Do Not Dispose' sign).
- Do not sell to informal scrap dealers (Kabadiwalas).
- Do not dispose in landfill garbage bins that reach landfills, as it contains hazardous components like lead and mercury that can damage the environment.

Hazards of Improper Handling

Improper disposal can lead to the leaching of toxic chemicals into the soil and groundwater, causing long-term health risks to the community. By using our authorized channel, you ensure that 90%+ of materials (plastics, metals, and PCBs) are recovered and reused in a circular economy.
